**Hemant Kanoria, Chairman and Managing Director, Srei Infrastructure Finance Limited**, said, “Our deep understanding of the infrastructure sector in India has enabled us to achieve substantial growth in disbursements, while maintaining quality of assets. However, the profits have been down due to rupee, suddenly and sharply, depreciating even in the last quarter. There have been MTM provisions, but we do not expect to see losses on the currency account. We are already witnessing appreciation in rupee against dollars, so we are sanguine about maintaining our overall profits.”
