14.

Dear Sir,

## Sub: Credit Rating Revision

Pursuant to Regulation 51 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, kindly note that Acuité Ratings & Research Limited (Acuité) has revised the rating on the Non-Convertible Debentures of the Company as mentioned below:

Long Term Rating	ACUITE A+
	(Downgraded from ACUITE AA-; Under rating Watch
	with Negative implications)

The reason for revision in rating is mentioned in Acuité Press Release dated October 1, 2019. A copy of the same is enclosed for ready reference.

This is for your information and record.

Thanking you.

Yours faithfully, For Srei Equipment Finance Limited

Ritu Bhojak Company Secretary FCS 8532

Encl. as above

Total Facilities Rated*	Rs. 4600.00 Cr.
Long Term Rating	ACUITE A+ (Downgraded from ACUITE AA- ; Under rating
	Watch with Negative implications)

\*ReferAnnexurefordetails

### **Rating Rationale**

Acuité has downgraded the long-termrating d'ACUITE AA-'(read as ACUITE double A minus) to 'ACUITE A+' (read as ACUITE A plus) on the Rs. 4600.00 Cr. Non-Convertible Debentures of Srei Equipment Finance Limited (SEFL). The ratings continue to be 'Under Watch with Negative Implications'.

## Downward revision in rating and continuation of Watch with Negative implications:

The downward revision in the rating is primarily driven by the continued challenges faced by SEFL on the asset quality and capital adequacy parameters. The Gross NPAs continued to be at elevated levels of 5.7 percent as on June 30, 2019 (6.3 percent as on March 31, 2019) and the capital adequacy was at 16.17 per cent (against the regulatory threshold of 15 per cent). The company's net interest income has declined by 84 per cent for Q12020 from Rs. 160.47 Cr. to Rs. 26.12 Cr. for Q12019 and the Profit before tax has dropped by 56 percent from Rs. 66 Cr. for Q12020 when compared to Rs. 151 Cr. for Q12019. The tepid operating environment has impeded the ability of the company to raise fresh equity to augment its capital base.

Besides the asset quality and capital adequacy related issues, the company's performance in the first quarter has also been impacted by the overall slowdown in net disbursements. The company's AUM has been flattish at Rs. 27,857 Cr. as on June 30, 2019 as against Rs. 28,538 Cr. as on March 31, 2019 (excluding co lending). The company has been able to mitigate the challenges in raising funds from banks, financial institutions and markets by augmenting its resource base through sources like assignment of receivables. It has also entered into co lending arrangements with banks to maintain the growth in AUM.

SIFL (parent company of SEFL), had informed the exchanges vide its communication dated July 04, 2019 regarding a scheme of arrangement wherein the Lending Business, Interest Earning Business and Lease Business of SIFL together with associated employees, assets and Liabilities will be transferred on a going concern basis under a slump exchange. The consideration for this deal will be discharged by SEFL by way of issue and allotment of equity shares of SEFL to SIFL. The scheme has been approved by the shareholders and approvals from lenders are awaited.

SIFL has a presence in infrastructure financing with interest earning assets of Rs. 13,059 Cr. as on June 30, 2019 and Rs. 11,786 Cr. as on March 31, 2019. SIFL's asset quality and operating performance has been under pressure mainly on account of the stress in infrastructure sector and high exposure to borrowers with average credit profiles. SIFL's loan book exhibits high degree of concentration which is reflected in the fact that the top 20 accounts comprised 62.8 per cent of the overall loan book as on March 31, 2019 (vis. a vis. 20.7 percent for SEFL). SIFL's Gross NPA and Net NPA levels stood at 23.4 percent and 19.6 percent respectively as on March 31, 2019 (on standalone basis; considering loan assets excluding investments). The company's Return on Assets was 0.61 per cent for FY2019, mainly on account of the stressed asset quality and high credit costs. The company's credit costs (provisions and writeoffs) stood at Rs. 114 Cr. during Q12020 as against Rs. 168 Cr. for FY2019. The company's Profit after Tax had declined to Rs. 3 Cr. during Q1FY2020, a decline of 90 per cent vis. a. vis. Q1FY2019. The

company's capital adequacy stood at 15.57 per cent as on March 31, 2019. SIFL is geared at 4 times as on March 31, 2019 (on standalone basis).

The aforementioned scheme of slump exchange by SIFL to SEFL is currently awaiting approval from lenders. Acuité believes that SEFL's ability to achieve an improvement in its asset quality and profitability parameters will be impacted on account of the high level of stressed assets migrating from SIFL's balance sheet to SEFL. The management of SIFL is actively seeking a resolution of these stressed assets. As per discussions with the management, some of the large accounts are at advanced stages of resolution and they expect a significant traction in resolution by March 2020. The management also expects moderation in credit costs going ahead on account of the said resolution. Acuite believes that the impact on SEFL's balance sheet for March 2020 (post slump exchange) will depend on timely resolution of these stressed assets.

Acuité will be monitoring the developments in respect of the said scheme especially the stance of the lenders in this regard and therefore the rating continues to be on watch with negative implications.

#### About the Company:

SEFL is a systemically important non-deposit taking non-banking finance company (NBFC-ND-SI) engaged in the business of equipment financing and providing leasing solutions for construction, mining, healthcare, agricultural and IT equipment. It is a wholly-owned subsidiary of Srei Infrastructure Finance Limited (SIFL), a listed company, engaged in the financing of infrastructure projects.

### **Analytical Approach:**

Acuité has adopted a standalone approach on SEFL's business and financial profiles for arriving at the rating.

### Strength:

#### • Established presence in the CME segment: Co- Lending initiatives to be future growth driver:

SEFL is engaged in financing of infrastructure assets with focus on construction, mining and allied equipment (CME) segment and leases for new as well as used equipment. The company has been one of the leading construction and mining equipment financing companies with 91 branches across 21 states in India offering loans. While SEFL was started in 2006, the promoters have been in the equipment-financing segment for over two decades. SEFL has presence across the lifecycle of the equipment from equipment acquisition up to equipment exit.

SEFL has developed strong expertise in understanding and managing risks inherent in the construction equipment financing business. The company also benefits from its long-standing relationship with original equipment manufacturers, such as JCB, and equipment dealers, and its ability to support its borrowers throughout the asset lifecycle. The company has developed an ability to track the execution of projects wherever its equipment are deployed and ensure optimal use of these. SEFL has developed an in-house platform to create a secondary market for sale and purchase of used and repossessed equipment.

SEFL is led by Mr. Hemant Kanoria (Chairman and Managing Director) and Mr. Sunil Kanoria (Vice Chairman), who have over three decades of experience in financial services. Their expertise in the CME sector has supported SEFL in striding across business cycles. The promoters are supported by a management team of seasoned functional professionals.

The company had Asset under Management (AUM) of Rs. 29,772.18 Cr. as on March 31, 2019 (Rs. 27,390.13 Cr. as on March 31, 2018). Of the overall AUM as on March 31, 2019, on book loan portfolio comprised Rs. 18,614.87 Cr. (Rs. 17,606.86 Cr. as on March 31, 2018)) and operating lease assets comprised Rs. 4,299.63 Cr. as on March 31, 2019 (Rs. 4,212.14 Cr. as on March 31, 2018). The balance

AUM comprised off-balance sheet exposures on account of securitisation and direct assignment transactions.

The company has demonstrated the ability to assess and mitigate the risks pertaining to the equipment lending segment over the years. SEFL has been able to sell down its pools to various banks/ institutions on a regular basis which indicates the confidence of these buyers in the continued performance of these pool assets. SEFL Securitisation transaction (PTCs) volumes during FY2019 were Rs. 1033.3 Cr. (Rs. 950.6 Cr. during previous year). Similarly, the company assigned pools through direct assignment (DA) arrangement during FY2019 of Rs. 4170.9 Cr. (Rs. 3675.3 Cr.). Besides the DA and the securitisation route the company has also identified Co-Lending as a new growth initiative to leverage its expertise in the equipment lending segment and tide over its capital constraints. It has already tied up with 5 banks and has commenced disbursements under this scheme since Q4FY2019.

Acuité believes that SEFL's established presence in the CME financing segment and its ability to significantly scale up its AUM through initiatives like co lending/ Securitisation will be a key driver of its business risk profile over the near to medium term.

### Weaknesses:

### • Continued challenges in augmenting the capital base:

SEFL is promoted and wholly-owned by Srei Infrastructure Finance Limited (SIFL), a listed company engaged in financing of infrastructure related projects along with fee based activities like advisory services.

SEFL is engaged in financing and leasing of Construction, Mining and allied equipment (CME). The demand for CME is directly linked to infrastructure spending in the economy. The high level of infra spending over the past two to three years has translated into higher volumes of sales of CME. This in turn has resulted in higher growth opportunities for players like SEFL. SEFL's AUM has grown from Rs. 15412.8 Cr. as on March 31, 2016 to Rs. 29772.2 Cr. as on March 31, 2019. Acuité observed that a major part of this growth was funded through increased borrowings without any commensurate increase in the net worth. SEFL's net worth stood at Rs. 2904.35 Cr. as on March 31, 2019 as against Rs. 2591.3 Cr. as on March 31, 2018. SEFL has been aggressively geared at 7.22 times as on March 31, 2019 (7.54 times as on March 31, 2018 and 5.01 times as on March 31, 2016).

The company had attempted to raise fresh equity in the past and as per the plans, SIFL was to partly dilute its stake in SEFL. However, in the absence of a supportive funding environment these plans had to be shelved. Resultantly, the company's capital adequacy has declined from 19.6 per cent as on March 2016 to 16.08 per cent as on March 2019. The Tier I capital continues to be at 11.7 percent as on March 2019, which leaves limited headroom for further growth. Srei Group has announced plans of realignment of the businesses. As per discussions with the management of SEFL, they are also in talks with external investors for equity infusion, which is expected to result in an improvement in its capital adequacy and gearing.

Since the group has been facing challenges in raising fresh growth capital, it had to curtail the pace of its disbursements during FY2019. The company's disbursement during FY2018 were Rs. 16,990 Cr. against which the disbursements during FY2019 were Rs. 13681 Cr. The disbursement slowed down during H2FY2019 to Rs. 5109 Cr. as against Rs. 8572 Cr. in H1FY2019. While the company has identified avenues like securitisation transactions/ co-lending to tide over the capital constraints, the overall pace of disbursements is expected to be moderated since these initiatives will require considerable coordination with the participating banks and will also be influenced by the bank's ability and willingness to increase its exposures through this route. The expected slowdown in pace of net disbursements is likely to impact the size of SEFL's on book AUM over the near to medium term. The company's Return on Average Asset (ROAA) has declined to 1.2 per cent in FY2019 as against 1.4 per cent in FY2018. The moderation in profitability coupled with slower pace of business growth will

continue to impinge on the operating performance of the company.

Acuité believes that SEFL's credit profile will be influenced by its ability to maintain a healthy pace of disbursements, through various routes such as co-lending. Its ability to significantly augment its capital base through various measures including raising fresh equity from external investors will be critical. This is important in view of the fact that SIFL's current financial risk profile leave little headroom for infusing additional equity into SEFL.

#### • Decline in asset quality:

SEFL primarily focusses on construction, mining and allied equipment segment wherein the end user industry is infrastructure. The capital expenditure program of infrastructure players is largely influenced by their order book, which in turn is linked to the expected infrastructure spending in the economy. The government's infrastructure spending has increased substantially over the past 4 years. As per release by Ministry of Road Transport Highways, the investments in the infrastructure segment has increased from Rs. ~98000 Cr. in FY2016 to ~Rs. 158,000 Cr. (estimated) for FY2019. The length of National Highway work awarded has increased from 10,098 Km in FY2016 to 17,055 km in FY2018.

Since the credit profiles of SEFL's borrowers are influenced by the level of infrastructure spending, the asset quality of players like SEFL is generally expected to improve during such periods of buoyancy in the infrastructure spending. Besides improvement in the cash flows of the borrowers, higher level of infrastructure spending also translates to better utilisation of the underlying assets and quicker redeployment of repossessed assets. Such a scenario augurs well for players like SEFL.

However, Acuité has observed that SEFL's asset quality has deteriorated significantly as reflected in Gross NPA of Rs. 1530 Cr. (6.2 percent of loan book) as on March 31, 2019 as against Rs. 438.06 Cr. (i.e. 3.4 percent) as on March 31, 2018. The stressed assets (i.e. Gross NPA plus assets acquired in satisfaction of claims and repossessed assets) have increased from Rs. 2027 Cr. as on March 31, 2019 as against Rs. 1023.7 Cr. as on March 31, 2018. As per discussions with management of SEFL, the sharp rise in NPAs is also on account of reasons besides 90 days delinquency norms, such as possible stress in respect of borrowings from other lenders and referrals to NCLT. As per the additional information from the company, of the total Gross NPAs, Rs. 565 Cr. comprised outstanding in respect of those accounts wherein the borrowers are classified as Stage 3 by other lenders or referred to NCLT.

The top 20 NPAs accounted for 73 percent of the overall NPAs as on March 31, 2019. The company's provisioning coverage ratio for FY2019 was ~22 percent as against ~41 percent for FY2018. Any significant delays in resolution of the top delinquent borrowers is likely to result in higher credit costs going forward. The Net NPA as a percent of net worth was at ~44 percent as on March 31, 2019 as against 11.9 percent as on March 31, 2018.

Acuité believes that timely resolution of the existing stressed assets and ability to arrest any further slippages will be critical to the maintenance of a stable credit profile of SEFL. Any further decline in the asset quality and resultant increase in credit cost will be key rating sensitivities.

#### **Material Covenants: None**

#### Rating Sensitivity:

- Adverse movement in asset quality and Capital adequacy
- Significant infusion of equity
- Impact of current scheme of slump exchange on SEFL's key credit metrics

#### Liquidity Position: Adequate

SEFL's liquidity profile is adequate with no cumulative mismatch in any of the time buckets upto five years based on the ALM statement as on March 31, 2019. The company has mismatch in individual bucket of 3 to 5 years. In view of the current environment in the domestic markets, The Company

has tied up with certain foreign lenders for external commercial borrowings to meet its funding requirements. Besides regular borrowings, the company's liquidity profile is supported by its ability to regularly sell down its assets through DA and PTC transactions. The company plans to aggressively pursue co-lending as an avenue to increase its assets under management.

The company's borrowings mostly comprise borrowings from banks i.e. cash credits and term loans (including ECBs) from various Public and Private sector banks. The company has also borrowed under NCDs and CPs in the past depending upon the appetite of the market and the pricing available.

Acuité believes that SEFL's high dependence on domestic banks could impact its future fund raising ability, especially in view of the cautious and selective approach adopted by banks in considering proposals from the NBFC sector post the recent credit events. Liquidity profile will be a function of SEFL's ability to maintain a healthy mix of borrowings from capital markets and banks.

### About Acuité Ratings & Research:

Acuité Ratings & Research Limited (Erstwhile SMERA Ratings Limited) is a full-service Credit Rating Agency registered with the Securities and Exchange Board of India (SEBI). The company received RBI Accreditation as an External Credit Assessment Institution (ECAI), for Bank Loan Ratings under BASEL-II norms in the year 2012. Since then, it has assigned more than 6,000 credit ratings to various securities, debt instruments and bank facilities of entities spread across the country and across a wide cross section of industries. It has its Registered and Head Office in Mumbai.

**Disclaimer:** An Acuité rating does not constitute an audit of the rated entity and should not be treated as a recommendation or opinion that is intended to substitute for a financial adviser's or investor's independent assessment of whether to buy, sell or hold any security. Acuité ratings are based on the data and information provided by the issuer and obtained from other reliable sources. Although reasonable care has been taken to ensure that the data and information is true, Acuité, in particular, makes no representation or warranty, expressed or implied with respect to the adequacy, accuracy or completeness of the information relied upon. Acuité is not responsible for any errors or omissions and especially states that it has no financial liability whatsoever for any direct, indirect or consequential loss of any kind arising from the use of its ratings. Acuité ratings are subject to a process of surveillance which may lead to a revision in ratings as and when the circumstances so warrant. Please visit our website (www.acuite.in) for the latest information on any instrument rated by Acuite.
